EDUCATION

Demonstration Multipurpose School
Bachelor's in Information Technology
Oriental College of Technology

July 2022
CGPA :6.59
May 2026

SKILLS SUMMARY

- **Languages:** Java , C++, Javascript
- **Web technologies** HTML , CSS , React
- **Framework/Tools:** Bootstrap , Tailwind CSS ,Git, Visual Studio
- **Soft Skills:** Critical Thinking, Problem- Solving, Effective Communication

WORK EXPERIENCE

Web Designing Internship

Ypsilon IT Solutions Pvt. Ltd. : Duration: 28th July 2023 – 5th August 2023

- Learned web designing fundamentals and practiced front-end development.
- Understood the fundamentals of HTML5, CSS3, and responsive web design.
- Practiced creating **user-friendly, cross-device compatible interfaces**.
- Learned to design web pages with **Bootstrap and Tailwind CSS frameworks**.

Core Java & Browser Automation Internship

TechSimPlus Learnings: Duration: 26th August 2024 – 5th September 2024

- Learned web designing fundamentals and practiced front-end development.
- Gained experience in **real-time project simulations** for automating repetitive browser tasks
- Acquired practical knowledge of **Core Java**, including OOPs concepts, collections, and exception handling.

PROJECT

Real-Time Weather Detection App (SkySense)

- Developed a real-time weather detection web application using HTML, CSS, JavaScript, and OpenWeatherMap API.
- Displays current temperature, humidity, wind speed, cloud cover, air quality index, and chance of rain.
- Implemented a responsive UI with interactive weather cards and dynamic data rendering.
- Integrated progress bars for rain prediction using hourly precipitation data

Smart Expense Tracker (FinTrack)

- Built a responsive expense tracking web application using HTML, CSS, and JavaScript.
- Implemented features to add, edit, delete, and categorize daily expenses.
- Calculated total expenses, remaining balance, and category-wise spending dynamically.
- Used Local Storage for persistent data management
- Designed interactive dashboard with charts for visual expense analysis.

CERTIFICATES

- **Oracle- generative ai certification**
- Coursera – **SQL for Data Science**
- hackerRank- Java (Intermediat)
